

PERMIT APPLICATION: NRS04.166

APPLICANT: Mike Lemons
441 Rhea Springs Road
Spring City, TN 37381
931-979-0269

LOCATION: unnamed tributary to Muddy Creek embayment of Watts Bar Lake near Spring City in Rhea County;

WATERSHED DESCRIPTION: The tributary is a first order, perennial stream that emanates from a spring or springs on the applicant's property. It is classified for fish & aquatic life, recreation, irrigation, and livestock watering and wildlife.

PROJECT DESCRIPTION: The proposed work involves construction of an earthen dam and impoundment of the waters to form a lake of 5 to 6 acres. The dam would have a maximum height of 36 feet with 3:1 side slopes. Tailwater flow would be via surface spillway.
